Advisory Circular

Subject: ANNOUNCEMENT OF AVAILABILITY--REPORT NO. DOT/FAA/PP/92-6, ESTIMATING THE REGIONAL ECONOMIC SIGNIFICANCE OF AIRPORTS

Date: 7/2/93
Initiated by: APP-400

AC No: 150/5000-10A
Change:

1. PURPOSE. This advisory circular announces the availability of the report "Estimating the Regional Economic Significance of Airports."

2. BACKGROUND. The Federal Aviation Administration and the Volpe National Transportation Systems Center have revised the 1986 report, Measuring the Regional Economic Significance of Airports. This report was written primarily for airport managers and planners whose budget and/or time constraints require that impact analyses be conducted in-house, rather than by a consultant. The report defines various measures of economic significance, describes the circumstances in which they are applicable, and provides guidelines for their initial approximation and subsequent computation.

3. HOW TO ORDER.

a. The report may be purchased from the National Technical Information Services (NTIS), 5285 Port Royal Road, Springfield, Virginia, 22161 (703-487-4650).

b. Orders should include the complete title and order number (ADA 257658). Customers should include a check or money order made payable to the National Technical Information Service in the amount of $19.50, plus a $3.00 handling fee, for a total of $22.50.
